**LEVEL 3 HEALTH AND SOCIAL CARE:
PRINCIPLES AND CONTEXTS**

**UNIT 6 WORKING IN THE HEALTH AND SOCIAL CARE
SECTOR**

TIME: 18 HOURS

INSTRUCTIONS FOR CANDIDATES

Assignment

You are required to investigate a setting/service that provides health and social care services within Wales. The investigation must focus on a setting/service that you have directly experienced as part of your sector engagement. You will also need to draw on knowledge and understanding gained in the classroom.

You should plan your investigation giving consideration to:

- how you will collect evidence as part of your sector engagement in preparation for the set tasks
- the outcomes required for each set task.

You may discuss your chosen setting/service and your plan with your teacher.

There are no restrictions on the resources you may use when completing this assessment. You must include all of your research in your reflective diary. The evidence for this task is an extended piece of writing approximately 5,000 words in total (not including referencing and bibliography).

You should spend approximately 18 hours producing your evidence.

You are allowed to access the internet whilst completing this assessment.

INFORMATION FOR CANDIDATES AND CENTRES

A record of hours to evidence sector engagement **must be submitted** with this controlled assessment. All hours spent on work placement must be signed as evidence by the work placement supervisor.

Candidates are **also** expected to produce a reflective diary on their sector engagement **to be submitted with** this controlled task. The reflective diary could be in the form of a hand-written diary, electronic blog, scrap book journal, video diary or notes. Links or electronic files must be made available for electronic versions of the reflective diary and hard-copy versions must be scanned for submission on request.

All evidence for this assessment is to be submitted to WJEC for external marking by June 11th.

Please ensure that all work submitted for marking is clearly identified. It is recommended that the centre name and number is included, and that candidates' names and examination numbers appear on every page.

Assignment

You are required to investigate a setting/service that provides health and social care services within Wales. The investigation **must** focus on a setting/service you have directly experienced as part of your sector engagement.

- (a) (i) Write an introduction about the setting/service.
Outline:
- the main purpose of the chosen setting/service
 - the role of the employer in promoting and protecting the rights of employees working in the setting/service.
- [12 marks][AO1, 6.4]
- (ii) Outline **two** job roles within, or related to, the setting/service.
Your response must include:
- the main purpose of the role
 - specific skills required
 - qualification requirements
 - professional regulation as appropriate to the role.
- [2x8 = 16 marks][AO1, 6.1]
- (iii) Consider how Welsh legislation, regulations and frameworks have influenced practices in the setting/service to:
- improve outcome focused person-centred care
 - inform policy and practice to achieve desired outcomes for health and social care workers and individuals accessing the care.
- Use examples from your sector engagement to illustrate your answer.
- [10 marks][AO3, 6.7]
- (b) Choose **three** of the following and examine their importance in the work of health and social care settings/services. Give an example of how you have seen each of your chosen three demonstrated within your sector engagement:
- effective communication
 - co-production
 - collaboration
 - teamwork
 - professionalism in the health and social care sector.
- [3x6 = 18 marks][AO3, 6.2]
- (c) (i) Explain how safeguarding is achieved within the setting/service to ensure that individuals accessing outcome focused, person-centred care and support can live free from harm, abuse and neglect.
- [10 marks][AO2, 6.5]
- (ii) Outline the potential outcomes if the setting/service's safeguarding policies and procedures are not followed.
- [8 marks][AO1, 6.5]
- (d) Analyse how codes of professional conduct/practice are adhered to and applied within the health and social care sector.
Use examples from your sector engagement to illustrate your answer.
- [12 marks][AO3, 6.3]

- (e) Explain how different approaches could be used in the setting/service to meet individuals' needs and requirements.
[10 marks][AO2, 6.6]
- (f) (i) Explain how reflective practice supports the professional development of health and social care workers within the setting/service.
[10 marks][AO2, 6.8]
- (ii) With reference to relevant theorists, explain how health and social care teams within the setting/service can reflect on their practice when assessing and improving the care and support they provide to individuals and their families.
[14 marks][AO2, 6.8]
- Total Marks:[120 marks]**

Unit 6 Mark Scheme for NEA

Banded mark schemes

Banded mark schemes are divided so that each band within a section has a relevant descriptor. The descriptor for the band provides a description of the performance level for that band. Each band contains marks.

Before marking, assessors should first read and annotate a candidate's work to pick out the evidence that is being assessed. Once the annotation is complete, the mark scheme can be applied. This is done as a two-stage process.

Stage 1 – Deciding on the band

Beginning at the lowest band, assessors should look at the appropriate section of the candidate's work and check whether it matches the descriptor for that section's mark band. If the descriptor at the lowest band is satisfied, assessors should move up to the next band and repeat this process for each band until the descriptor matches the work.

If a candidate's work covers different aspects of different bands within the mark scheme, a 'best fit' approach should be adopted to decide on the band and then the candidate's work should be used to decide on the mark within the band. For instance, if work is mainly in band 2 but with a limited amount of band 3 content, the work would be placed in band 2, but the mark awarded would be close to the top of band 2 because of the band 3 content.

Assessors should not seek to mark candidates down as a result of small omissions in minor areas of their work.

Stage 2 – Deciding on the mark

Once the band has been decided, assessors can then assign a mark. WJEC will provide exemplar work already awarded a mark, and this should be used as reference material when assessing the work.

When marking, assessors can use these examples to decide whether a candidate's work is of a superior, inferior or comparable standard to the example. Assessors are reminded of the need to revisit the work as they apply the mark scheme in order to confirm that the band and the mark allocated is appropriate to the work submitted.

Where work is not creditworthy, that is, contains nothing of any significance to the project, or has been omitted, no marks should be awarded.

Internal standardisation

It is essential that, where there is more than one teacher in a centre, work from all teaching groups is standardised internally. This is to ensure that the final assessment reflects a single agreed standard for all teaching groups involved. All centres will receive detailed feedback from moderation via WJEC's secure website on results day.

This is an abridged marking scheme the complete version inclusive of indicative content can be found on the WJEC secure website www.wjecervices.co.uk.

Non-exam assessment: Comments

To be completed by the individual supervising the NEA.

Please indicate where help beyond normal supervisory guidance has been given and how this has affected the marks awarded.

List the sources of information used in developing the NEA.

NOTICE TO CANDIDATES

The work you submit for assessment must be your own.

If you copy from someone else, allow another candidate to copy from you, or if you cheat in any other way, you may be disqualified from at least the qualification concerned.

DECLARATION BY TEACHER

I confirm that the candidate's work was conducted under the conditions laid out by the specification.

I have authenticated the candidate's work and am satisfied that to the best of my knowledge the work produced is solely that of the candidate.
